Bank of Sun Prairie Receives Top Bank Honor

Sun Prairie, Wis.— Bank of Sun Prairie has been named one of the Top 200 Healthiest Banks in the U.S. receiving an A+ health ranking in the 2019 DepositAccounts financial health study. Bank of Sun Prairie ranked 148 out of all 5,267 FDIC-insured U.S. banks.

“It is such an honor to have our community bank recognized among the top 200 healthiest in America,” said Jimmy Kauffman, president and CEO, Bank of Sun Prairie. “This designation shows our commitment to excellence and is a credit to the entire bank team.”

Kauffman continues, “Our financial stability is extremely important to the safety and security of our customers’ money. Being ranked in the top three percent of all FDIC-insured U.S. banks gives our customers and the communities we serve confidence in the services we provide.”

To determine bank ranking and recognition, DepositAccounts.com grades each institution on capitalization, deposit growth and loan-to-reserve ratios among other factors. It evaluates the financial health of more than 10,000 banks and credit unions in the U.S. once per quarter.

“We believe it is important to give consumers a way to evaluate the financial health of their institutions,” said Ken Tumin, founder of DepositAccounts.com. “Our list empowers consumers to make informed decisions when selecting a financial institution.”
